Please list the products that you would like to sell at the market, along with a description of the process used to **Make, Bake, or Grow** the item(s), and submit this form to the Market Manager. Items that are produced in a similar manner should be grouped (e.g., ‘vegetables’, rather than ‘carrots’ and ‘radish’). Please read the Market Rules and relevant policies carefully and provide as much information as is necessary to show us that your product conforms to the “make”, “bake” or “grow” definition. Please attach an extra sheet if necessary. To add new items later, please submit another copy of this page for the new item(s). This application must be approved before any items are permitted to be sold at the market. **Approved applications are valid until December 31st of each year.**
